THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on <Date and Time> and ends on <Date and Time>. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of <Record Date> may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

REPORT ON CORPORATE GOVERNANCE

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2024, in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (The "Listing Regulations").

INTRODUCTION:

Corporate Governance represents the value framework, rules, practices by which a Company conducts its business activities. Corporate Governance is modus operandi of governing a corporate entity which includes a set of systems, procedures and practices which ensure that the Company is managed in the best interest of all corporate stakeholders i.e. Shareholders, employees, suppliers, customers and society in general.

The fundamentals of Corporate Governance include transparency, accountability, reporting and independence. For accomplishment of the objectives of ensuring fair Corporate Governance, the Government of India has put in place a framework based on the stipulations contained under the Companies Act, SEBI Regulations, Accounting Standards, Secretarial Standards, etc. Corporate Governance has become a buzzword in the corporate world.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

We believe in adopting the best in class Corporate Governance practices and strive to improve them continuously. We emphasize the importance of transparency and accountability in all our businesses. We believe good Corporate Governance is not just a principle but it is embedded in the manner every individual working in our companies conducts himself/herself.

Our actions are governed by our values and principles, which are reinforced at all levels within the Company. We are committed to doing things the right way which means taking business decisions and acting in a way that is ethical, in the interest of our stakeholders and is in compliance with applicable legislation. Our values reflect our continued commitment to ethical business practices across our operations.

Securities and Exchange Board of India has issued guidelines on the Corporate Governance for all listed companies. These are incorporated in Listing Regulations. We have started following these guidelines diligently.

Our multiple initiatives towards maintaining the highest standards of governance are detailed:

DISCLOSURES:

During the period, there were no transactions materially significant with Company's promoters, directors or management or subsidiaries or their relatives that may have potential conflict with the interests of the Company at large.

DETAILS OF NON-COMPLIANCE BY THE COMPANY, PENALTIES AND STRICTURES IMPOSED ON THE COMPANY BY STOCK EXCHANGES OR SEBI, OR ANY STATUTORY AUTHORITIES, ON ANY MATTER RELATED TO CAPITAL MARKETS DURING LAST THREE YEARS:

During the year under review the Company have received a letter from the Calcutta Stock Exchange dated 09.11.2023 under Regulation-32(1) of Chapter-V of SEBI (Delisting of equity shares) Regulation 2021, giving final opportunity to the Company (Status of the Company is suspended on CSE since 2000) to Comply with the provisions of listing regulations with the exchange and payment of all outstanding dues to CSE failing which Company will be compulsorily delisted from the Exchange under SEBI (Delisting of equity shares) Regulation 2021.

In response of this letter Company replied that Company had already made delisting of its shares from The Calcutta Stock Exchange Ltd around 25 years back along with Jaipur and Ahmedabad Stock Exchanges and delisting order of CSE is not traceable in our records of the Company due to passage of more than 20-25 years. Further CSE had never made a single communication with the Company in last 25 years except till time when the exchange had come up with Amnesty Scheme either for revocation of Suspension or Delisting in year F.Y. 2020- 2021. Hence claimed that the communication made by the exchange vide its letter dated 9th November, 2023 with the Company is not tenable and requested again CSE to check their records to locate the delist application · made by the Company 20-25 years back along with order passed by the CSE of delisting for Company.

Then the CSE have sent another letter communication dated 26.12.2023 to Company in furtherance to its email dated 10.07.2023 stated that Company is non-complied of SEBI provisions (Minimum Public Shareholdings) as per SEBI Circular dated 31st March 2023 with instruction to pay fine as per SEBI Circular dated 31st March 2023 for noncompliance failing which, CSE will freeze the demat account of promoters' group after 15 days from the date of receipt of the letter. The management submitted that the Company has always maintained the Minimum Public Shareholdings in the Company. Later the CSE has vide written communication letter dated 02.01.2024 (Ref No. CSE/LD/ 2024) to NSDL, directed to freeze the demat account promoters/directors of the Company and as informed to us the NSDL has freezed the demat accounts of Mr. Vinod Jhawar and Mukul Jhawar.

Upon which the Chairman and main promoter of the Company Mr. Vinod Sohanlal Jhawar requested to CSE through an email communication CSE on 10.02.2024 about intention of the Company and its promoter to revoke the suspension of the Company and then to make a Delisting application to Calcutta Stock Exchange for peace of mind and to avoid further litigation.

Till the date of freezing of the demat accounts Mr. Vinod Jhavar and Mukul Jhavar, the Company and its promoters were firmly believed that the Company is not listed with CSE and the delisting was made for the Company around 20-25 years ago when the Company had got delisted from Jaipur and Ahmedabad Stock exchanges and due to all such pressure and to sustain the image of the Company, the promoters will again do delisting from the CSE and the current status of the Company is suspended and application has been made to CSE to first revoke the suspension of the Company and then to delist the Company.

The Company has not made any compliance of the listing regulations and other applicable SEBI laws with the CSE during the suspension period, which the Company is doing in regular basis with the BSE. The Company has not updated to BSE about all these facts and matters with CSE.

Moreover, upon application made by the Company under Regulation 31A of SEBI (LODR) Regulations, 2015, the Company has received an email communication from the exchange for delay in submission of Shareholding Pattern for quarter ended June 2014 and SOP fine of Rs. 12,99,810/- plus GST was levied and communicated to the Company. The Company has in support made suitable submissions to the Company and denied any such delay in submission and requested to the exchange to waive this fine.

In reply of the Company, the exchange vide its email communication dated June 17, 2022, partially waived this fine to Rs.1,77,810/- plus GST. Finally the management has decided to pay such partially waived amount for mental peace and paid the same on June 24, 2022.

OVERALL REVIEW

The textile industry has shaped the global economy, one of the most historic and important sectors. This industry involves creating, planning, and disseminating yarn, cloth, and clothing. It holds a vital position in the economies of numerous countries, particularly in Asia, where they strongly influence the global textile manufacturing scene. From large-scale industrial processes to small-scale, artisanal production, the industry is incredibly diverse.

The global textile industry is vast, with a market size valued at approximately \$1.5 trillion in 2023. It includes various segments such as fiber production, textile manufacturing, apparel production, and home textiles. Adding to it, the global textile industry significantly contributes to pollution through extensive water usage, chemical pollution, and the release of greenhouse gases. There is a rising interest in environmentally sustainable materials and practices, driving the shift towards more eco-friendly methods. In response to environmental threats, the industry has made progress in automated looms, digital printing, and smart textiles. These advancements have enhanced efficiency, lowered production expenses, and expanded opportunities for product innovation.

India is one of the largest textile producers in the world, with the industry being a key contributor to the country's economy. The Indian textile sector is valued at around \$223 billion and is expected to reach \$300 billion by 2025. Key characteristics being –

- **Diverse Production Base:** India has a diverse textile production base, ranging from traditional handloom and handicrafts to large-scale industrial manufacturing. The country is a global leader in cotton production and is also a major producer of synthetic fibers.
- **Employment and Economic Impact:** The textile industry is the second-largest employer in India after agriculture, providing jobs to over 45 million people directly and 60 million indirectly. It also contributes significantly to India's export earnings, with textiles and apparel accounting for around 12% of the country's total exports.
- **Export Market:** India's textile exports are robust, with key markets including the United States, European Union, and the Middle East. India exports a wide range of products, including cotton textiles, garments, and home textiles.
- **Government Support:** The Indian government has implemented various policies and initiatives to support the textile industry, such as the Technology Upgradation Fund Scheme (TUFS), Integrated Textile Parks, and the recent Production Linked Incentive (PLI) scheme. These initiatives aim to modernize the industry, increase export competitiveness, and create jobs.

Despite its strengths, the Indian textile industry faces several challenges, High Competition: India faces stiff competition from countries like China, Bangladesh, and Vietnam, which have lower labor costs and more efficient manufacturing processes, Infrastructure Issues: Inadequate infrastructure, such as poor logistics and high energy costs, hampers the efficiency of the Indian textile sector, Environmental Concerns: Water pollution, chemical use, and waste management are significant concerns that need to be addressed, Skilled Labor Shortage: Although India has a large labor force, there is a shortage of skilled workers, particularly in areas requiring advanced technical expertise.

The future of the textile industry, both globally and in India, is shaped by several key trends and developments:

- **Sustainability and Circular Economy:** There is a growing emphasis on sustainability, with companies adopting eco-friendly materials, reducing water and energy consumption, and moving towards circular economy models. In India, sustainable practices are increasingly being adopted, driven by both government regulations and consumer demand.
- **Digital Transformation:** The adoption of digital technologies such as AI, IoT, and blockchain is transforming the textile industry. These technologies are being used to optimize production, improve supply chain transparency, and enhance product customization.
- **Shifting Consumer Preferences:** Consumers are increasingly seeking high-quality, sustainable, and ethically produced textiles. This shift in consumer behavior is driving demand for organic cotton, recycled fibers, and products with lower environmental impact.
- **Government Initiatives:** The Indian government's continued focus on promoting the textile industry through policies like the PLI scheme and support for MSMEs (Micro, Small, and Medium Enterprises) will likely lead to further growth and modernization of the sector.

The textile industry remains a vital component of the global economy, with significant contributions from major players like India. While the industry faces challenges such as environmental concerns, competition, and supply chain issues, it is also poised for growth driven by technological advancements, sustainability initiatives, and government support. In India, the focus on modernization, technical textiles, and sustainable practices will be key to maintaining its competitive edge in the global market.

Overview of the Apparel Industry Globally & India

Global Apparel Industry

The global apparel industry is a massive and dynamic sector, valued at approximately \$1.7 trillion. It encompasses the design, manufacturing, marketing, and retailing of all types of clothing, from high-end fashion to mass-market ready-to-wear apparel. The industry is highly competitive and influenced by various factors, including consumer preferences, economic conditions, and technological advancements.

Impact of Global Brands in India

- **Consumer Influence:** Brands like H&M, Zara, and Nike have introduced Indian consumers to global fashion trends and fast-fashion concepts.
- **Competitive Landscape:** International brands has increased competition in the Indian apparel market, pushing domestic brands to innovate and improve their offerings.
- **Economic Impact:** Global brands contribute to the Indian economy through investments in retail infrastructure, job creation, and local sourcing of materials.
- **Cultural Influence:** The presence of international brands has also led to a blending of Western fashion with traditional Indian styles, creating a unique fusion in the Indian apparel market.

Apparel Industry in India

India's apparel industry is one of the largest in the world, with a market size of around \$74 billion. It plays a crucial role in the country's economy, contributing significantly to exports, employment, and GDP. Key Characteristics driving the force are as - **Diverse Production:** India produces a wide range of apparel, from traditional ethnic wear to modern fashion, catering to both domestic and international markets. **Export-Oriented:** A substantial portion of India's apparel production is export-oriented, with major markets in the United States, European Union, and the Middle East. **Employment:** The industry is one of the largest employers in the country, providing jobs to millions, particularly in rural areas.

The apparel industry, both in India and globally, is a vibrant and rapidly evolving sector. In India, the influx of global brands has transformed the market, influencing consumer behavior and increasing competition. As the industry continues to grow, the interplay between local and international brands will shape the future of fashion in India.

Future of Apparel Retail in India

The future of apparel retail in India is poised for significant growth and transformation, driven by a combination of factors including rising consumer demand, digitalization, and evolving market dynamics. The sector is expected to grow at a compound annual growth rate (CAGR) of around 8-10%, potentially reaching \$135-150 billion by 2025-2026.

Key Drivers of Growth

1. **Rising Consumer Income and Urbanization:** With increasing disposable income and rapid urbanization, the demand for diverse and fashionable apparel is set to rise. This trend will be further fueled by the younger population.
2. **E-commerce Expansion:** The shift towards online shopping is accelerating in India, with e-commerce platforms like Amazon, Flipkart, and fashion-specific sites like Myntra and Ajio leading the way. This trend is expected to continue, with more consumers preferring the convenience of online shopping.
3. **Omnichannel Retailing:** The future of apparel retail in India will likely be dominated by omnichannel strategies.
4. **Sustainability and Ethical Fashion:** As global awareness of sustainability grows, Indian consumers are also becoming more conscious of the environmental and ethical aspects of fashion.
5. **Localization and Personalization:** Indian apparel retailers are expected to increasingly focus on localized strategies, catering to diverse regional preferences in terms of style, fabric, and price points. Personalization will also play a key role, with retailers using data analytics to offer tailored recommendations and customized products.

The future of apparel retail in India is bright, with significant growth expected across both traditional and digital channels. India's apparel retail sector is a significant and growing component of the country's economy, contributing substantially to GDP, employment, and exports. With continued growth in both the offline and online segments, driven by factors like increasing consumer spending, urbanization, and digital adoption, the future of apparel retail in India looks promising. The sector's expansion will likely continue to play a vital role in the broader economic development of the country.

Future of Real Estate in Dombivli

Dombivli, a suburban area in the Thane district of Maharashtra, has emerged as a significant hub for real estate development in recent years. Positioned strategically between Mumbai and Navi Mumbai, it offers a blend of connectivity, affordability, and a growing infrastructure that appeals to a diverse range of homebuyers. The future of real estate development in Dombivli is shaped by several key factors, including ongoing infrastructure projects, demographic trends, economic factors, and governmental policies.

The overall economic health of the region plays a significant role in shaping the real estate market. Dombivli is benefitting from, Economic growth in Mumbai Metropolitan Region (MMR): The spillover effects of economic activities in Mumbai and Navi Mumbai are creating job opportunities in Dombivli, increasing the need for residential spaces & Improving social infrastructure: The development of schools, hospitals, shopping malls, and entertainment centers is making Dombivli East a self-sustaining locality, which attracts more residents.

These factors contribute to a stable real estate market, with potential for steady appreciation over the coming years. These infrastructural advancements are likely to attract more real estate developers to the area, leading to an increase in residential and commercial projects.

One of the most significant drivers of real estate growth in Dombivli East is the rapid pace of infrastructure development. The planned expansion of transportation networks, including, Mumbai Metro Line 12 (Kalyan-Dombivli-Taloja): This upcoming metro line is expected to drastically reduce travel time to key areas, making Dombivli East more accessible to professionals working in Mumbai and Navi Mumbai. Mumbai Trans-Harbour Link (MTHL): When completed, this link will connect Mumbai with Navi Mumbai, further enhancing connectivity and potentially increasing demand.

Dombivli known for its affordability compared to other parts of Mumbai and Navi Mumbai. This affordability is a key factor driving demand, particularly among, First-time homebuyers or Investors. As prices in central Mumbai continue to escalate, more middle-class families and young professionals are likely to turn to Dombivli as a viable option, further boosting the real estate market.

Government initiatives aimed at promoting affordable housing, such as the Pradhan Mantri Awas Yojana (PMAY), have a positive impact on real estate development in Dombivli East. Additionally, the Maharashtra government's focus on infrastructure development and urban planning further supports the growth of the region. The implementation of RERA (Real Estate Regulatory Authority) has also brought more transparency and confidence to the market, encouraging both developers and buyers.

Despite the positive outlook, some challenges could affect the future of real estate development in Dombivli: Infrastructure delays: Any delays in the completion of key infrastructure projects could slow down the expected growth. Market saturation: With multiple developers entering the market, there is a risk of oversupply, which could lead to price stagnation. Environmental concerns: Rapid urbanization may lead to environmental degradation, which could impact the liveability and appeal of the area.

STATE OF AFFAIRS OF THE COMPANY

The Textile Processing Division is currently non-operational due to concerns from nearby residents about noise, water, and air pollution. As our unit is located near residential areas and causes disturbances on the main road, the management has decided to close this division and venture into real estate activities on the available premises. The weaving unit in Ichalkaranji, District Kolhapur, is fully operational with 36 air jet looms capable of producing 50 lakh meters per year.

The company's overall profitability has decreased compared to the previous year. Despite this, the company's capital and banking facilities remain intact, and there are no liquidity concerns due to the sufficient unutilized banking limits and with additional limits offered by banks. However, there are delays in receivable collection from buyers due to extended payment terms.

The company has adequate working capital limits to meet financial requirements, and although the cash position are challenging, we have tight control over expenditures and shall be able to meet debt and other financing obligations. To manage operations, the company has implemented cash flow control and overhead measures, adopting a weekly review mechanism to assess accounts receivables and take necessary actions.

Segment Wise or Product Wise Performance

In the textile segment, the company is running its state-of-the-art, Air-jet Weaving facility at ichalkaranji, Kolhapur. Here we, are manufacturing, job working, and trading various qualities in Cotton, Rayon & other blended fabrics. Adding all modes, the company trades more than 5 million meters of fabrics annually. The company plans to hold stronger direct selling in the coming time to increase the top & bottom line for the year 2024-25.

The Company started working in the Real Estate Division, while investigating the potential real estate opportunities in Dombvili, aiming to build commercial complexes and structures to generate income from renting & leasing shops, units, and other available opportunities, thereby making the organization healthier.

CHANGE IN THE NATURE OF BUSINESS IF ANY:

The company will begin conducting real estate operations on the existing premises, it owns, to construct commercial complexes and buildings. The business of the subsidiaries remain unchanged.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has in place and adequate system of internal control commensurate with the size and nature of its business. These have been designed to provide reasonable assurance that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are authorized recorded and reported correctly and the business operations are conducted as per the prescribed policies and procedure of the Company. The Audit Committee, Internal Auditor and the management have reviewed the adequacy of the internal control systems and suitable steps are taken to improve the same.

To achieve optimum use of available resources i.e Material Manpower, Money and Energy Company's operating procedures and controls are in place and monitored with intense care and supervision of the staff and management. The company uses technology and manpower in a great combination to achieve the best of results.

PERFORMANCE OF THE BOARD AND COMMITTEES:

OUTLOOK

The inflation rates in the US, Europe, and the UK are gradually decreasing, and the likelihood of interest rate hikes by central banks in these countries is also diminishing. Consequently, there are expectations for a gradual improvement in these economies. Our marketing teams have observed some indications of increased demand from international buyers during recent meetings. The price of cotton has decreased to approximately 58,000/- 60000/- per candy, and crude oil prices are displaying a stable trend. Therefore, we anticipate an overall improvement in the market situation in FY 2025. With the gradual recovery of demand, we expect the operating rates of our downstream businesses to improve in FY 2025, along with improvements in the downstream businesses during the year. Additionally, the Company's initiatives to enhance quality, sales realization, and cost reduction are projected to yield positive outcomes during the year. The strong backing from our promoters is also an important factor contributing to our stability. Consequently, we hold an optimistic outlook for the future.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF DHANLAXMI FABRICS LIMITED **Report on the Audit of the Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of **Dhanlaxmi Fabrics Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (statement of changes in equity) and statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024 and loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are these matters that, in our professional judgment, were of most significance in our Audit of Standalone financial statement of the current period. These matters were addressed in the context of our Audit of Standalone financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no significant key audit matters observed by us except the matters reported in the notes to accounts.

Emphasis of Matters

We draw attention to

1. Capital Work in Progress includes investment in properties amounting to Rs. 1402.91 lacs consist of advances paid for acquisition of immovable property are paid for more than 12 months. In the absence of specific timeline, registered transfer deeds and external valuations, there carrying values has been considered as fair values. In absence of reliable external information, no impairment provision have been made there upon.
2. Sundry Debtors include Rs. 25.52 lacs due for more than six months. No provision has been made in the books for the same as the management has considered the same as good and recoverable.
3. Refer to note 4 of the financial statements, Company has made investment of Rs. 67.08 lacs in subsidiary companies which have been considered as long term investment, out of which total net assets of two subsidiaries are below investment values, no impairment loss has been provided for on such investments.
4. Refer to Note no 5 of the financial statements, the loan & advances given are closely monitored by the Board of Directors and therefore no appraisal, renewal, policies, procedure and documents have been executed.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate implementation and maintenance of accounting policies, making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors Responsibility for the audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of non-detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditors' Report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusion are based on the audit evidence obtained upto the date of our Auditors' Report. However, future events or conditions may cause the group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the standalone financial statement, including the disclosure and whether the standalone financial statements represent the underline transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the standalone financial statements.

We are responsible for the direction, supervision and performance of the audit of the financial statement of such entities include in the standalone financial statements.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factor in (I) planning the scope of our audit work and in evaluating the results of our work, and (II) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditors' Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by 'the Companies (Auditor's Report) Order 2020 (the order), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure "A"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Dhanlaxmi Fabrics Limited** ("the Company") as of 31 March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of the standalone Ind AS financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error

or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis Of Preparation Of Financial Statement

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements were authorized for issue by the Company's Board of Directors on 28th May 2024.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis the TUF subsidy interest receivable from government for the year 2014-15, 2015-16 which will be accounted on Cash basis as and when received. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

(i) Investments are measured at fair value.

(B) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company.

(I) Sales

(i) Domestic sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.

(ii) The Company recognises income from power generated on Cash basis.

(iii) During the year Interest on TUF Subsidy is accounted on Cash basis.

(II) Other Income**(i) Interest Income**

Interest income on financial asset is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(C) Property, plant and equipment

On transition to Ind AS, The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

(i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.

(i) All items of property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

(ii) Depreciation

(a) Fixed assets are stated at cost less accumulated depreciation.

(b) The depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(c) Leasehold Land is depreciated over the period of the Lease.

(D) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good is arrived at estimated cost.
- (iii) Scrap is valued at net realisable value.

(E) Cash And Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(F) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(G) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(H) Borrowing Cost

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(I) Investments

All Unquoted equity investments are measured at carrying value.

(J) Employee Benefit

(i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered .

(ii) Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. Gratuity which is a defined benefit is accrued based on actuarial valuation as at Balance Sheet date by an independent actuary. The Company has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year.

(iii) The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets excluding non-qualifying asset (reimbursement right). The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(L) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

(M) Taxation

(i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation.

Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

(ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income-tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

(iii) Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(iv) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the no tax has been recognised in the books of Accounts.

(O) Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(P) Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(Q) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

(R) Financial Instruments**(I) Financial Assets****(i) Initial recognition and measurement**

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

(a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- (a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- (b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(II) Financial Liabilities**(i) Initial recognition and measurement**

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

3 FIRST TIME ADOPTION OF IND AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

Explanation 1 - Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

(I) Ind AS Optional exemptions

Deemed Cost - Property, Plant and Equipment and Intangible Assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying values.

(II) Ind AS mandatory exemptions

(i) Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

(ii) Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

(iii) De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the derecognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

C. Financial Risk Management

C.i. Risk management framework

A wide range of risks may affect the Company's business and operational or financial performance. The risks that could have significant influence on the Company

C.ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

(a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an on-going basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is a no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due, When recoverable are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Ageing of Accounts receivables :

Particulars	(Amount in Rs.)	
	As at March 31, 2024	As at March 31, 2023
0 - 6 months	355.43	789.18
6 months - 1 year	16.36	4.90
1-2 year	0.37	119.46
2-3 year	2.82	0.23
More than 3 year	5.98	59.95
Total	380.95	973.72

Financial Assets are considered to be of good quality and there is no significant increase in credit risk

(b) Cash and cash equivalents and Other Bank Balances

The Company held cash and cash equivalents and other bank balances as stated in Note No. 10. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

C.iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

C.iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk, interest rate risk.

C.iv.a Currency risk

The Company is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposure are mainly denominated in INR's Only. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

C.iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company manages its interest rate risk by monitoring the movements in the market interest rates closely.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF DHANLAXMI FABRICS LIMITED **Report on the Audit of the Consolidated Financial Statements**

Opinion

We have audited the accompanying Consolidated financial statements of **Dhanlaxmi Fabrics Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (statement of changes in equity) and statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024 and loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are these matters that, in our professional judgment, were of most significance in our Audit of Consolidated financial statement of the current period. These matters were addressed in the context of our Audit of Consolidated financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no significant key audit matters observed by us except the matters reported in the notes to accounts.

Emphasis of Matters

We draw attention to

1. Capital Work in Progress includes investment in properties amounting to Rs. 1402.91 lacs consist of advances paid for acquisition of immovable property are paid for more than 12 months. In the absence of specific timeline, registered transfer deeds and external valuations, there carrying values has been considered as fair values. In absence of reliable external information, no impairment provisions have been made there upon.
2. Sundry Debtors include Rs. 34.72 lacs due for more than six months. No provision has been made in the books for the same as the management has considered the same as good and recoverable.
3. Refer to Note no 5 of the financial statements, the loan & advances given are closely monitored by the Board of Directors and therefore no appraisal, renewal, policies, procedure and documents have been executed.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditors Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the

consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- We did not audit the financial statements of DFL Fabrics Pvt. Ltd., subsidiary, whose financial statements / financial information reflect total assets of Rs. 66.10 lacs as at 31st March, 2024, total revenues of Rs. 19.70 lacs, as considered in the consolidated financial statements.

Report on Other Legal and Regulatory Requirements As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2024 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

- With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure.
- With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 1. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 2. The Consolidated Financial statements did not have any long-term contracts including derivative contracts.
 3. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

NOTE NO. 1**1 Corporate Information**

The Consolidated Financial Statements comprise financial statements of "Dhanlaxmi Fabrics Limited" ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") for the year ended 31st March 2024. The Principal activities of the group is cornered in to dealers and manufacturing and Processing of Textile and allied products/services and Power Generation.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis Of Preparation Of Financial Statement

- i The Financial Statements of the Holding Company and its Subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expense and Cashflows, after dully eliminating intra-group balances and intra-group transactions
- ii The difference in accounting policies of the Holding Company and its subsidiaries/ associates are not material
- iii The Consolidated Financial Statements have been prepared using Uniform accounting policies for like transactions and other events in similar circumstances
- iv The Carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary
- v The Consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.
- vi These Consolidated financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.
- vii The Group follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis the TUF subsidiary interest receivable from government for the year 2014-15, 2015-16 which will be accounted on Cash basis as and when received. The Consolidated financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

(i) Investments are measured at fair value.

(B) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Group recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company.

(I) Sales

(i) Domestic sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.

(ii) The Company recognises income from power generated on accrual basis. However, where the ultimate collection of the same lacks reasonable certainty, revenue recognition is postponed to the extent of uncertainty.

(II) Other Income**(i) Interest Income**

Interest income on financial asset is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(C) Property, plant and equipment

On transition to Ind AS, The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

(i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.

(i) All items of property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

(ii) Depreciation

(a) Fixed assets are stated at cost less accumulated depreciation.

(b) The depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(c) Leasehold Land is depreciated over the period of the Lease.

(D) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good is arrived at estimated cost.
- (iii) Scrap is valued at net realisable value.
- (iv) Power Inventory is valued at cost

(E) Cash And Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(F) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(G) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(H) Borrowing Cost

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(I) Investments

All Unquoted equity investments are measured at carrying value and all other equity investments are measured at Fair Value, with value changes recognised in Consolidated Statement of Profit & Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'

(J) Employee Benefit

- (i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered.
- (ii) Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. Gratuity which is a defined benefit is accrued based on actuarial valuation as at Balance Sheet date by an independent actuary. The Company has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year.
- (iii) The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets excluding non-qualifying asset (reimbursement right). The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(K) Segment Report

- (i) The company submits the Financial results in two segment i.e. Process Division and Fabric Division

(L) Leases

- (i) Lease rentals in respect of assets acquired under operating leases are charged off to the Statement of Profit and Loss. Lease rentals in respect of assets given under operating leases are credited to the Statement of Profit & Loss.
- (ii) Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases.
- (iii) Leases in which the company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc., are recognised immediately in the statement of profit and loss.

(M) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Group's earnings per share is the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

(N) Taxation

(i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation. Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

(ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income-tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

(iii) Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(iv) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the no tax has been recognised in the books of Accounts.

(O) Impairment of Assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(P) Provisions and Contingent Liabilities

The Group creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(Q) Operating Cycle

Based on the nature of products/activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

(R) Financial Instruments**(I) Financial Assets****(i) Initial recognition and measurement**

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

(a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(iii) Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

(a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

(b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(II) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

3 FIRST TIME ADOPTION OF IND AS

The Group has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

Explanation 1 - Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

(I) Ind AS Optional exemptions

Deemed Cost - Property, Plant and Equipment and Intangible Assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Group has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying values.

Nil

(II) Ind AS mandatory exemptions

(i) Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

(ii) Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

(iii) De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the derecognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

C. Financial Risk Management**C.i. Risk management framework**

A wide range of risks may affect the Company's business and operational or financial performance. The risks that could have significant influence on the Company are market risk, credit risk and liquidity risk. The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the company's operational and financial performance.

C.ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

(a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an on-going basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is a no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due, When recoverable are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Ageing of Accounts receivables :**(Amount in Rs.)**

More than 3 year	7.01	60.89
Total	445.01	1,051.53

Financial Assets are considered to be of good quality and there is no significant increase in credit risk

(b) Cash and cash equivalents and Other Bank Balances

The Company held cash and cash equivalents and other bank balances as stated in Note No. 10. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

C.iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

C.iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk, interest rate risk.

C.iv.a Currency risk

The Company is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposure are mainly denominated in INR's Only. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

C.iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company manages its interest rate risk by monitoring the movements in the market interest rates closely.
